

Dear Sun City residents,

My name is Zhane Hall and I am 12 years old. I need your help in making sure your legacy is protected. Part of that effort will require me and my generation working with you and your generations to make sure the baby boomers are not the last to live better than their parents. I will be in Canada filming a TV show with Steven Spielberg that will air on Fox. I ask that you contact any of my staff for details.

JJ, Ron, or Paul

Not1ofthe6@gmail.com

I know you think that my age somehow limits my abilities but we all have the same 5. The ability to absorb, respond, reflect, set goals and share. It is the sharing that all abilities grow. After we meet you will think that I am 12 going on 35. You just need to ask 'What starts the legacy you seek?'
